

Owl Pincushion

This is not my original idea. There are lots of Pinterest posts and YouTube tutorials, just search Owl Pincushion.

Cut out the pattern pieces using the photo of shapes for reference.

- 1) Make a dot 1/4" from the top of the belly piece
- 2) Line up the small piece (rst) on top of the body piece-sew from the bottom to the dot.
- 3) Now sew the other side. Sew from the dot to the bottom.
- 4) Fold the whole piece in half and sew the top part
- 5) Turn right sides out
- 6) Fold the top down 1 1/2 to 2" and sew in place
- 7) Sew on buttons for eyes
- 8) Make a running stitch around the bottom leaving long threads
- 9) Stuff body firmly with fiberfill
- 10) Pull threads to pull the bottom edges in about 1/2"
- 11) Glue fabric circle to bottom (or hand sew in place)
